Police Parking Assistance

The Clawson Police will be assisting with traffic flow and parking. We have had concerns reported about cars in the yellow zones and in front of the fire hydrants. These are no parking zones. Also the space in front of the office is only for buses. Please do not park there. We appreciate your help with this.

Life Skill of the Month:

This month we will be learning about kindness. Students will hear stories about characters who are generous, warm, caring, and concerned for others. When a teacher witnesses an act of kindness, it will be celebrated on our Kindness Wall near the media center. Please encourage your child to think about ways to show kindness both in school and at home.
