CHS Cell Phone and Electronic Device Policy

Electronic devices, including cell phones, are valuable and important communication tools in today’s world. However, the use of electronic devices during the instructional day seriously impedes and distracts from the learning process. The staff of Clawson High School believes that students should be allowed to use electronic devices at appropriate times but not during instructional time due to the impact on one’s learning.

- Upon entry into ALL classrooms at CHS, students will place their electronic device(s) in the Cell Phone Caddy in the room
- If the teacher deems it necessary - for an educational purpose - to use an electronic device, including a cell phone, the teacher will inform the class as a whole
- Any student in violation of this policy will be faced with consequences

Violations are per each student, not per teacher or class.

1st Violation
- Teacher warns student and gives him/her a chance to put the electronic device in the Cell Phone Caddy in the room (not in a pocket, backpack, or locker)
- If student refuses, teacher has the right to send the student to administration - Saturday School will be assigned and electronic device confiscated for the rest of the day

2nd Violation
- Student hands over electronic device to administration for the rest of the school day
- Saturday School will be assigned
- Administration returns device to student at the end of the school day with the understanding that upon next violation, a parent/guardian must pick up device

3rd Violation
- Student hands over electronic device to administration for the rest of the school day
- Saturday School will be assigned
- Administration calls parent/guardian for pick-up of electronic device

4th Violation
- Student hands over electronic device to administration for the rest of the school day
- Saturday School will be assigned
- Administration calls parent/guardian for pick-up of electronic device
- A meeting will be held with student, parent/guardian, and administrator to create an Intervention Technology Plan

Students are encouraged to leave electronic devices in lockers or backpacks and turned off.
